Team Members:

One of the biggest barriers teams face is "language." The purpose of this document is help build a common language and deepen the understanding of frequently used terms or concepts across teams and stakeholders.

TIP: This document is intended to evolve and be used on a regular basis.

Key Term *(the terminology your team/organization prefers)*	Synonyms and Related Terms	Acronym	Definition
Evidence-based Practice	Evidence-based Program, Research-based Program, intervention, program, empirically validated treatments	EBP, EbP	"Evidence-based practice is the integration of the best available research with clinical expertise in the context of patient characteristics, culture and preferences" APA.org OR "evidence-based refers to any concept or strategy that is derived from or informed by objective evidence" edreform.org
