

Position Title:

Infant Toddler Developmental Specialist (ITDS)

Employer:

Space Coast Early Steps

Location:

Brevard County

Counties Served:

Brevard

Salary:

Contract 1099

Position Description:

Space Coast Early Steps is accepting resumes for Infant Toddler Developmental Specialist Independent (1099) Providers to serve infants & toddlers birth to three years old in Brevard County. Services are delivered in the child's natural environment and therapists work as a multidisciplinary team member by collaborating with families/caregivers, Service Coordinators, & other professionals to develop & implement the Individual Family Service Plan (IFSP).

Essential Functions:

- Build rapport with families & team members
- Conduct therapy evaluations & develop Plans of Care
- Assist in the development of functional outcomes & goals on the child's Individualized Family Support Plan (IFSP)
- Communicate with families about their child's development, strengths & needs
- Assist families with embedding functional strategies into their daily routines & activities
- Monitor & adjust strategies to meet the child & family's changing needs
- Participate in collaborative team meetings & consultation relating to the child's outcomes, goals, & IFSP
- Maintain up-to-date files/charts (written &/or electronic) for the purpose of ensuring alignment with specific program requirements.
- Assist other personnel as may be required for the purpose of ensuring an efficient & effective team.

Qualifications and Skills (State Requirement):

1. In-field degree: Bachelor's degree or higher from an accredited College or University & one year of paid experience with children birth through 4 yrs with special needs or developmental delays.

Psychology, Communication Sciences, Early Childhood Education, Early Childhood/Special Education, Child & Family Development, Family Life Specialist, Social Work

An equivalent degree based on a transcript review. In order for the degree to be considered "equivalent", the applicant: Must have completed a minimum of 18 credit hours (typically six courses) in one of the approved fields of study

2. An out-of-field degree & a minimum of 5 years professional paid experience in early intervention, which must be hands-on experience with children from birth through 4 years old with special needs or developmental delays.

Early Steps & Early Intervention:

Early Steps is Florida's Part C Early Intervention system that offers services to eligible infants & toddlers birth to thirty-six months who have a diagnosis that are at risk for or through assessment show developmental delays. Early Intervention is designed to support children & families in their daily routines as this is where children play & learn. Our program strives to support families & caregivers in focusing on the skills they already possess to help their child learn & develop. We recognize that caregiver support & participation is key to providing children consistent opportunities to reach their potential for 0-5 years of service, 10 hours after 5 years), plus 5 additional personal days. We also offer flexible work schedules to allow for work-life balance.
